

Providers of Quality DC Power Solutions That Fit Your Application

Valve Regulated Lead Acid Batteries

HZS/HSC Series: Standard 5 year Design Life, AGM technology, for stand-by applications
Industry standard mechanical sizes
4, 6 & 12 Volt units from 0.8 to 100 Ah

HZB Series: Extended 12 year Design Life AGM technology, for stand-by applications
HZB-EV versions now available, enhanced for cyclic applications
Industry standard mechanical sizes
6 & 12 Volt units from 15 to 230 Ah

HZY Series: True Gel electrolyte technology
12 year Design Life, cyclic or stand-by applications
Industry standard mechanical sizes
6 & 12 Volt units from 7.5 to 230 Ah

FA Series: Front access rack / shelf units
12 year Design Life, AGM or Gel technology
Cyclic or stand-by applications
12 Volt units from 50 to 150 Ah

HZB/Y 2 Volt Series: AGM or Gel technology, 15 year Design Life, cyclic or stand-by applications,
Industry standard mechanical size blocks,
50 to 3850 Ah sizes for all voltage requirements

Many other ranges available for electric vehicle, marine or deep cycle applications.
Please contact **ALL PSU** with the details of your requirements.

Most popular batteries are available from stock for 1-2 day courier or pallet delivery. Prices are very competitive against similar quality industrial Lead acid batteries.

All products are fully approved & CE marked as required & are available at competitive prices. E&OE.
